REPORT OF INDEPENDENT AUDITORS

Honorable President and
Members of the Board of Education
Monmouth Regional High School District
One Norman J. Field Way
Tinton Falls, New Jersey 07724
County of Monmouth

We have audited, in accordance with generally accepted audit standards and Government Auditing Standards issued by the Comptroller General of the United States, the basic financial statements of the Board of Education of the Monmouth Regional High School District in the County of Monmouth for the year ended June 30, 2010, and have issued our report thereon dated October 31, 2010.

As part of our audit, we performed procedures required by the New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.

This report is intended for the information of the Monmouth Regional High School District Board of Education management and the New Jersey Department of Education. However, this report is a matter of public record and its distribution is not limited.

ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Insurance coverage was carried in the amounts as detailed on the Insurance Schedule contained in the Statistical Section of the District's CAFR.

Adequacy of insurance coverage is the responsibility of the Board of Education.

Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Maria Anne Parry, CPA, PSA	Board Secretary/School Business Administrator	\$300,000
Jean Foulke	Treasurer	\$300,000

There is a Public Employees' Dishonesty Policy with the Utica National Insurance Company covering all other employees with multiple coverage of \$100,000.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies.

Reserve for Encumbrances and Accounts Payable

All encumbrances and accounts payable at June 30, 2010 were properly recorded and classified.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

The Board Secretary's Records were found to be in order.

Treasurer's Records

The Treasurer's Records were found to be in order.

Elementary and Secondary Education Act of 1965 (E.S.E.A.), as amended by the Improving America's Schools Act of 1994

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended.

The study of compliance for E.S.E.A. did not indicate any areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects did not indicate any areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

DEPA Accounting

Demonstrably Effective Program Aid (DEPA) was not received and expended by the school district.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2005 and thereafter the bid thresholds in accordance with *N.J.S.A.* 18A:18A-3 and 18A:39-3 are \$21,000 and \$16,200 respectively.

Based on the results of my examination, I did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of *N.J.S.A.* 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per *N.J.S.A.* 18A:18A-5.

School Food Service

The financial transactions and statistical records of the school food services were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price meal is uniformly administered throughout the school system. The required verification procedures for free and reduced price applications were completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

U.S.D.A. commodities were received and a separate inventory was maintained on a first-in, first-out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds.

Student Body Activities

During our review of the Student Activity Funds, we did not note any areas of non-compliance.

Application for State School Aid

Our audit procedures included a test of information reported in the October Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers. The information that was included on the workpapers was verified. Any errors or exceptions were rectified. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2009-10 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report. No exceptions were noted.

The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Follow-up on Prior Year Findings

In accordance with Government Auditing Standards, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

Honorable President and
 Members of the Board of Education
 Monmouth Regional High School District
 County of Monmouth
 Tinton Falls, New Jersey

Dear Board Members/Citizens:

The Comprehensive Annual Financial Report of the Monmouth Regional High School District (District) for the fiscal year ended June 30, 2010 is hereby submitted in accordance with Governmental Accounting Standards Board Statement 34 and 44. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Monmouth Regional High School Board of Education (Board.). To the best of our knowledge and belief, data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections as follows:

- The Introductory Section includes this transmittal letter, the District's organizational chart, a list of principal officials, and a list of consultants and advisors.
- The Financial Section includes the basic financial statements and schedules, as well as the auditor's report thereon.
- The Statistical Section includes selected financial and demographic information, generally presented on a multi year basis.

- The Single Audit Section which states that the District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations", and the state Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, is included in the single audit section of this report.

SCHOOL DISTRICT ORGANIZATION

The Monmouth Regional High School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14 and Statement 34. All funds and account groups of the district as included in this report. The Monmouth Regional High School Board of Education constitutes the district's reporting entity.

The district provides a full range of educational services appropriate to grade levels 9 through 12. These include regular and vocational as well as special education for handicapped students. The District completed the 2009-2010 fiscal year with an average daily enrollment of 1,086.5 students. Enrollment is defined as students on roll and students placed out of district. Established in 1960, the district is one building which encompasses over 79 acres, 9 wings, 2 floors, 2 gymnasiums, full service cafeteria and state of the art fitness and performing arts centers comprise the district's school facilities.

The district receives students from three towns: Shrewsbury Township, Eatontown and Tinton Falls. In addition to the three towns, the district serves the students of Naval Weapons Station Earle and Fort Monmouth. Shrewsbury Township is the smallest of the three sending towns, spanning only about a few blocks in length. Eatontown is the next largest township and Tinton Falls has the largest square miles of the sending towns.

The Board of Education is comprised of members from all three sending districts. Four members are from Tinton Falls, four are from Eatontown and one is from Shrewsbury Township. All receive equal weight votes and three are elected to three-year terms each April. The Board of Education meets on the first and third Tuesday of the month for regular board meetings. The meetings held on the third Tuesday are more financial in nature than on the first Tuesday of the month. The Board of Education also has two student representatives with non-voting rights on the board. A Junior Class Representative and a Senior Class Representative are selected from the membership of the Student Council to sit on the board and give reports at each meeting. During its meetings the board determines district goals and priorities and conducts the business of the Board of Education. All Board meetings are open to the public and begin at 7:45 p.m., unless a time change is needed which is then properly advertised.

The Monmouth Regional PTSA is very active in the District and provides community support for a variety of programs and activities for the students. Recently, the PTSA created grants for teachers to offset costs for items such as supplies and field trips. There are active booster/parent clubs for the band, and performing arts faction of the school. Additionally there are sixteen private scholarship funds offered to graduating students. All associations/clubs and scholarships are very supportive to the students and the district. In September 2007, a family donated monies towards a summer internship program in the technology department. This internship, funded for a minimum of five years, allows a current or recently graduated Monmouth Regional student to work in the district's information technology department. This same family also donated funds to purchase a \$25,000 projector which now is housed in the PAC. The Monmouth Regional High School Board of Education is very grateful to this family for their generosity.

To maintain effective communications, the newsletter named *The Regional Reporter* is published four times each year and mailed home four times a year. In 2010-2011, the newsletter format will be changed to twice a year and online. Information about the budget is mailed in a special newsletter to all members of the community during the budget review process. The students publish a student newspaper entitled *The Falconaire* which is published approximately eight times during the school year. Both newsletters are also shown on the district's website: www.monmouthregional.net which houses various pieces of information about the district and has contact information for a user to navigate to. In the 2007-2008 school year, the *Falconaire Newspaper* went online and began to publish an online expanded version of the school newspaper. This has proven to be very successful for both students and the school.

The current district website of www.monmouthregional.net was expanded to include public information and continues to be a source of all information for any individual who has internet access.

In 2008 the District instituted the Honeywell Instant Alert program, allowing for parents, staff and students to receive "instant alerts" via their cell phone, landline phone, and e-mail for events that pertain to Monmouth Regional High School. This program has replaced the "snow chain" of informing individuals of school closings. It has been successful in its first year and the Administration plans on expanding the messages to include information about upcoming events at the school.

EDUCATIONAL PROGRAM/REPORTING ENTITY AND ITS SERVICES

As stated earlier, the District completed the 2009-2010 fiscal year with an average daily enrollment of 1,123.6 students. Enrollment is defined as students on roll and students placed out of district. The following details the changes in the student enrollment of the District over the past few years.

Average Daily Enrollment		
Fiscal Year	Student Enrollment	Percent Change
2009-2010	1,086.5	(3.3)%
2008-2009	1,123.6	(4.23)%
2007-2008	1,173.2	.23%
2006-2007	1,170.4	(4.22)%
2005-2006	1,222.0	1.28%
2004-2005	1,206.5	2.13%
2003-2004	1,181.3	6.50%
2002-2003	1,108.8	2.50%
2001-2002	1,081.5	6.50%

(Jim Gurbisz's retired jerseys. Captain Gurbisz was a graduate of Monmouth Regional H.S. and was fallen in Iraq in 2005. MRHS retired his numbers forever in 2006 and was inducted in the Hall of Fame in 2010.)

The District provides a full range of educational services appropriate to grade levels 9 through 12. The school follows the district-wide goals and educational approaches to the teaching of children, while maintaining a unique personality that make up that particular school. All curricula in our district have been aligned to the New Jersey Core Curriculum Content Standards.

High School: The building has one Principal, two Assistant-Principals, and two school nurses. The rest of the administrative team is made up of the following individuals:

- A. Supervisors:
 - a. Applied Technology
 - b. English
 - c. Math/Science
 - d. Social Sciences/World Language/ESL
 - e. Music/Library (supervised by Assistant Principal)
- B. Director of Athletics/Supervisor of Physical Education
- C. Director of Guidance
- D. Director of Special Services
 - a. Child Study Team
 - b. Special Education Instructional Supervisor
 - c. Basic Skills Instruction
 - d. Special Education Department

The district has worked very hard in the past five years to combine supervisor positions to create future savings.

The school can be best described as a warm, friendly and full of school spirit environment.

Monmouth Regional High School offers a comprehensive educational program that was developed to meet the needs of all students, whether they are in the need of advanced placement courses, remedial instruction, or something in between.

In 2008-2009, several departments developed a new program, the AP Academy in an effort to retain more high-performing students than losing them to the Vocational School Academies. This program was created without any strain on district funds. The students selected for entry into the program will have a four year course of study outlined for them that includes accelerated or Advanced Placement courses, summer internships, senior seminars and the potential to earn up to 30 college level credits. The class of 2013 currently has 15 students enrolled in it, and the class of 2014 has 23 students enrolled. This is an excellent start for the District.

The English Department presents a variety of activities within its course content. Reading discussions in both large and small group settings, short story and poetry writing, dramatic recitation, audio and video presentations, and other techniques enhance class format. Articulation between different high schools is encouraged in this department. Teachers have utilized the team teaching practice, implemented higher level thinking skills in its teaching practice, and developed longitudinal portfolios to support college application trends. The English Department has instituted a drop-in computer lab that is staffed by an English teacher. The English Department's website can be found at <http://www.monmouthregional.net/mrhs/Departments/English/>

The Mathematics Department offers a wide variety of courses, both in mathematics and computer science, to meet the needs of the students. To meet this need, the staff incorporates small group instruction as well as peer-to-peer tutoring. A two-year Algebra 1 course was added to give all students access to algebra. An additional course of study in Flash Technology was added in 2007-2008 due to the student's requests for the program. Students are given the opportunity to see mathematics in real-life applications through the addition of a Probability and Statistics course. The Math League competitive program is run through this department- challenging students to show off their math knowledge against other schools in the county. Monmouth Regional always fares well against competing schools. The department is committed to excellence in mathematics education and its desire to enlighten the students on the power of mathematics. The Math Department's website can be located at the following web address: <http://www.monmouthregional.net/mrhs/Departments/Mathematics/>

The Science Department offers courses at different levels allowing students of diverse abilities to enroll in science classes. The students are engaged in cooperative learning activities as well as research projects as part of their science experience. Innovative Forensics and Med-Tech programs meet the needs of students of all ability levels. One highlight of the Science Program is the Waksman Scholars. A group of students, led by a dedicated faculty member, work through out the school year and summer at Rutgers University to expand their research knowledge. In 2009-2010 the students studied the following: analysis of the mRNA population of *Wolffia arrhiza*, a duckweed. We will ask: Which genes are expressed in this organism, and how do they compare with expressed genes from other species? The Science Department's website can be located at the following web internet address: <http://www.monmouthregional.net/mrhs/Departments/Science/>

The Social Studies Department offers a wide variety of courses including World History, America Since 1945, Sociology, Psychology, and African American Studies. The curricula incorporate human rights issues along with tolerance for all. The department supports clubs such as "Adopt a Survivor", "Heifer International", "As One (support for Uganda students)" and "Support the Troops" that reinforce the students' skills and course

content. The Social Studies Department website can be located at the following web address: <http://www.monmouthregional.net/mrhs/Departments/Social%20Studies/>

The Special Education Department at Monmouth Regional High School is all-inclusive and consists of two separate child study teams. It offers a curriculum which has established priorities, objectives, and goals for all courses and units within the program that are based on clearly defined expectations for all students. The learning expectations of the special education curriculum address the diverse learning needs of the students without compromising the essential knowledge and skills students are expected to learn. The Special Education Department employs a multi-sensory and teacher-centered format for the learning disabled student. Individualized programs such as the Wilson Reading Program, Study Island, and the Career Training Program are used to address the unique needs of our classified high school students. In addition, an effective inclusion program was developed that gives all students an opportunity to be integrated into the school community. The Special Education Department website can be located at the following address: <http://www.monmouthregional.net/mrhs/Departments/Special%20Services/>

The World Language Department offers programs that provide a core curriculum in four language skills: listening, speaking, reading, and writing. Its wide range of offerings promotes tolerance and embrace diversity. Students are encouraged to think beyond their own backgrounds and value the differences within the world community. The World Language Department website can be located at the following address: <http://www.monmouthregional.net/mrhs/Departments/World%20Language/>

The Physical Education Department offers a wide variety of activities that allow students to develop socially, emotionally, cognitively, and physically. Students are involved in many activities including the use of the fitness center and the Adventure Training course. The low elements course was built in 2005 while the high elements course was erected in 2006. Students are taught teamwork, problem-solving, and motivational techniques throughout these activities. Included as part of the Physical Education Department are drivers' education and health. Additional equipment was purchased in 2008 and 2009 to add to the fitness center to expand the healthy lifestyle program. The Health curriculum was designed to teach students life skills. Activities in the classes foster communication skills and cooperative learning that teach, among other things, respect. The Physical Education Department website can be located at the following address: <http://www.monmouthregional.net/mrhs/Departments/Physical%20Ed/>

Golden Falcon

Leads in School Symbol Balloting

How the district became the "MRHS Falcons" – by school vote!!

The Business Department identifies elective courses including vocational cooperative marketing and life skills designed to encourage problem-solving, critical thinking and intellectual inquiry. This is an extensive, practical program grounded in accomplishing the goals set before them. Students are afforded the opportunity to express themselves creatively and develop their own imagination while gaining a broad appreciation of the business world. The Business Department website can be found at: <http://www.monmouthregional.net/mrhs/Departments/Art%2C%20Business%2C%20Home%20Economics%20and%20Industrial%20Arts/>

The Family and Consumer Science Department offers courses across four areas: foods, child development, clothing, and fashion design. These programs were designed to prepare students for the working world as well as providing life skills for the students. The program accommodates students from all ability levels. The learning is student-centered with the teacher in the role of facilitator. Students who have participated in these course of studies have been accepted in some of the finest schools for further study. The FCS website can be found at the listed address above.

The Industrial Arts Department offers courses, strongly emphasizing and concentrating on current technology, in the fields of graphic arts, photography, electronics technology, and engineering graphics. The curricula are determined by skill level rather than grade level. The Cisco Networking Academy, housed under this department, teaches students to design, build, and maintain computer networks. Upon completion of Cisco II, students have the opportunity to take the Cisco Certified Network Association exam and receive certification upon passing. Students successfully completing Cisco I and II are also eligible for up to 16 credits at Brookdale Community College in Networking. The Industrial Arts website can be found at the listed address above.

The Music program at Monmouth Regional High School offers courses in band, entertainment techniques, chorus, and music theory. All curricula cover music of various cultures, eras, and styles. Both vocal and instrumental students are afforded the opportunity to receive individual instrumental lessons for more selective ensembles. The Music Department website can be found at the following address http://www.monmouthregional.net/mrhs/Departments/Music.html/_top

Core Curriculum Contents Standards

Our district is in line with the New Jersey Core Curriculum Contents Standards. All district curricula have been aligned with the Standards.

Staff Development

The Monmouth Regional High School District provides its teaching staff with many opportunities for professional development.

New teachers have an additional day dedicated to new teacher training. A teacher's manual is given to all new teachers as well as an assigned mentor to provide support throughout the school year.

In the beginning of the year, one full day is dedicated to staff development. The teachers meet in the morning for sessions, have lunch, and then in the afternoon have breakout sessions regarding the training.

During the year there is another full day dedicated to staff development. The topics can range from bullying, character education, diversification and assessment. The teachers spend the morning in workshops, have lunch and then in the afternoon have break out sessions to work on their assessments.

Throughout the school year teachers are afforded the opportunity for professional days as well as after school programs taught in-district. Technology has been rapidly changing in Monmouth Regional. The technology department has kept up with technology by offering Wednesday Technology Sessions- technology oriented sessions after school to teacher's dismissal time on a wide range of technology subjects- Laptops, Active Boards, Excel, Word, and even Microsoft Access. This has been a success in the district.

Entrance into MRHS – still scenic.

Technology

Monmouth Regional's Enterprise class computer network contains many features that surpass most small and medium sized companies. Our 200+ Administrative computers provide electronic student records, payroll, and budget capabilities, as well as Internet access for all employees. Our 300 student network machines provide all Monmouth Regional students with access to the Internet as well as the newest high tech software programs in our nine computer labs. Each faculty member and student has access to his/her own personal network account. Each user has their own network directory to save, store and retrieve files. By logging into any computer in the building, users are automatically given access to their folders and can work with them from any location. The Citrix Metaframe (ClassLink) servers enables student and staff access to a majority of the district's software as well as their own personal work from anywhere in the world.

Current Technology Inventory:

1. Our current technology inventory includes:
 - A. 200 computer workstations
 - B. 140 Staff Notebook Computers
 - C. 2 Dedicated Notebook carts (20 computers in each)
 - D. 140 Thin client computers
 - E. 18 Dell servers
 - F. 2 LTO Auto load tape drives
 - G. 2 Dell PowerVault SAS Storage Arrays
 - H. 20 HP Procurve Network Switches
 - I. 40KV APC Symmetra Power Array (Datacenter Battery Backup)
 - J. 45 HP / Dell Printers
 - K. Vodavi XTS Telephone System w/ Voice Mail
 - L. Meru 802.11N Wireless Infrastructure
2. Technology equipment needed to improve student academic achievement is constantly evaluated as described below.
 - A. Network equipment is evaluated based on traffic load and is upgraded as needed to provide uninterrupted service.
 - B. Software is evaluated on usage trends and with input of the teaching staff that use the software on a daily basis as part of their curriculum. District wide software such as the student management software is evaluated by a process that involves all of the key users of the software. Filtering software is evaluated by the technology director
 - C. Technology Maintenance plans include 3-5 year warranties purchased with new computers, software contracts with helpdesk support is purchased with all major district software. An internal system maintenance plan covers cleaning and general maintenance of equipment.
 - D. Telecommunications is constantly evaluated for capacity, as well as equipment performance. Voice mail is a necessity for today's educator for parental contact, voice mail storage capacity is constantly evaluated

- E. Technical support is provided by an onsite professional network administrator, and two onsite computer technicians. Vendor provided help desks provide additional resources to our technical staff.
 - F. Facilities infrastructure is critical, we are finding out that a building designed and built in the 1960's was not designed with the needs of today's technology; Electric to power the technology is scarce in places. The Datacenter is ever growing with equipment, the technology director works closely with the supervisor of buildings and grounds to coordinate future expansion. Many of our labs have been upgraded with new electrical service and structured wiring.
3. Assistive technology is provided and evaluated on an as needed basis, devices include, large print keyboards, changing the computer operating system settings and other devices as needed.
 4. Educators have access to district issued notebook computers, LCD projectors, whole class notebook computer carts, interactive whiteboards and interactive student response systems in their instructional areas.
 5. Administrators have access to desktop computers, district issued notebook computers, and PDA's in their workplace.
 6. The district website is constantly evaluated by the district as well as the website vendor for accessibility, and is accessible to all as per federal accessibility standards.
 7. We have developed the plan of replacing computers every 3 - 4 years in computer labs and mobile carts, when economically feasible. This allows us to provide the latest and most reliable technology to our students. The old computers from the labs will be refurbished and placed in classrooms as needed until they reach 7 years of age, or are technically not feasible to repair. The un-repairable machines will then be scrapped as per Board procedure.

Cyber bullying:

Internet filtering is provided via a dedicated commercial software package located on an appliance, internet requests are relayed to the server and checked via a list of sites; if the site is classified in an inappropriate category it is blocked and a message stating the page is blocked is displayed on the user's computer, internet usage is logged in a database for future retrieval. There is a student and staff acceptable usage policy

The district's internet filter appliance serves as the technology protection measure that protects against access through computers with internet access to visual depictions by adults or minors that are obscene, child pornography or harmful to minors. Students are educated on about appropriate online behavior, including interacting with other individuals on social networking sites and chat rooms, and cyber-bullying awareness by the teaching staff as well as guest speakers.

The school district provided the community with public notice on 05/15/2007 to address any proposed internet safety policies adopted by the school district pursuant to CIPA.

Monmouth Regional is using school based performance data to guide professional development offerings. We have surveyed the staff about their individual professional development needs, as well as about their feelings about the school climate. The results of these surveys have been shared with the entire staff and are currently being implemented by various committees. The Professional Development Committee, for example, is using the results of the surveys to guide our professional development offerings throughout the school year. So far this year, we have offered whole day workshops in which individual staff members were able to choose the classes that were most relevant to their classrooms. We also offer many after school mini workshops for staff; topics include ZUMU, Microsoft Office, classroom management, CPR training, sign language, as well as many others that follow the professional learning community model. We also provide various activities for the students to help improve both academic and social performance. These include a HSPA Pride Week to get students ready to take the HSPA, sports pep rallies each season, and school pride week to boost student motivation.

Additional professional development needs that will be addressed:

1. Upgrade version and training on our new data collection system
2. Upgrade version and training on our new electronic grade book
3. Revise courses of study to reflect new CCCS
4. Use of laptops, computer applications, web page design, Power Point presentations, and Media Center computerized databases in classroom situations
5. Improve communications with parents through use of electronic grade book, Email, phone conferences, and parent conferences
6. Disseminate teacher/classroom information to parents and students
7. Foster a climate of tolerance and understanding among staff and students
8. Provide a support system for new teachers
9. Provide training for mainstream and special needs teachers assigned to inclusive education
10. Provide training on anger management and character education to staff
11. Provide workshops on sign language

Computer labs at Monmouth Regional High School include, but are not limited to the following:

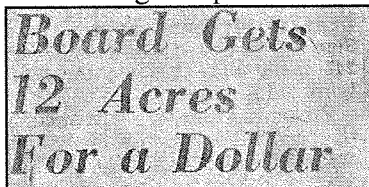

- a. Computer Aided Drafting Lab
- b. Business Education Lab
- c. Video/Film and Robotics
- d. Computer Science Lab
- e. Room 103 Lab
- f. CISCO Network Academy Lab
- g. Photography/Graphic Arts Lab
- h. Media Center Lab
- i. Writing Center Lab

The technology department is always trying to stay one step ahead of the future.

Business Office

The business office is comprised of the following individuals: School Business Administrator, Staff Accountant, Secretary to the Business Administrator, Accounts Payable, Payroll, and Transportation Supervisor. This office is responsible for financially running the school district. Increased workload due to challenges faced from State and Federal mandates, while maintaining current staff levels, continues to be a challenge. The office is continually looking to streamline costs and find new opportunities for the district.

The office continues to be a hard working component of the entire district.

How Monmouth Regional purchased the land it currently occupies...

ECONOMIC CONDITION AND OUTLOOK

In Tinton Falls, residential housing will increase for the next several years due to new communities being built and opened over the next few years. A new “premium outlet” shopping center opened November 2008, increasing opportunities for individuals to live in Tinton Falls, Eatontown and Shrewsbury Township. The percent of share, the calculation based upon current enrollments for determining how Monmouth Regional High School’s tax levy is split, has stayed relatively the same from 2008-2009 to 2010-2011.

While smaller geographically than Tinton Falls, Eatontown has a larger population and is more densely populated. Eatontown is 90% developed and has fewer than fifty lots available for residential development. Eatontown is the home of Fort Monmouth, which is one of the military installations designated by the BRAC (Base Realignment and Closure) commission that will close by late 2011. The closure of the Base could have a significant impact on the enrollments of military dependents and children of civilian support staff in the future. Monmouth Regional High School Board of Education has already seen a large impact on the district revenues due to a loss of over \$1 million dollars in 10 years of Federal Impact Aid. It is predicted that no dollars will be budgeted in Impact Aid income for the 2011-2012 budget.

Shrewsbury Township has no development planned and all shifts in enrollment are a result of family dynamics. Currently there is an issue with the housing of Earle Weapons Station. The military housing apartments are contracted with the Navy to be turned over to civilian use. The issue entails who will educate the children living in these apartments- Colts Neck or Tinton Falls? The decision will have an impact on Monmouth Regional’s enrollment, but it is not expected to be cause for concern. Future enrollment at Monmouth Regional High School is something that cannot be accurately predicted due to the impending Fort closure, the economic conditions of the State, Nation and the overall slumping housing market.

MAJOR INITIATIVES

Pupil Performance Objectives-2009-2010

Goal #1

The Special Education subgroup as measured by No Child Left Behind legislation will make safe harbor in the areas of Mathematics and Language Arts for the 2009-2010 HSPA. (Decrease by 10% or more the students that are partially proficient)

I. English

- a. Removal of course titles of high and low in the resource rooms
- b. Implementation of the Sopris West Language curriculum
- c. Changing to an 80 minute double period for resource room students to replace language labs
- d. Integration of the use of interactive white boards in resource rooms
- e. Early identification of students requiring remediation by administering NJ PASS in 9th and 10th grade, and the use 8th grade state testing reports.

II. Mathematics

- a. Removal of course titles of high and low in the resource rooms
- b. Changing of Math resource room courses to Pre-Algebra, Algebra, and Geometry
- c. Students grouped in the resource rooms by ability not grade levels
- d. Early identification of students requiring remediation by administering NJ PASS in 9th and 10th grade, and the use 8th grade state testing reports.
- e. Integration of the use of interactive white boards in resource rooms
- f. Articulation between general education and special education teachers to discuss best practices and modifications of curriculum necessary.

iii. Special Education Departmental Changes

- a. Reading specialist push in with resource room to increase instruction
- b. Case Managers active participation in departmental meetings
- c. LD to develop and implement 1 or 2 professional development workshops for entire staff

Descriptive Statement

By June 2010, students in the subgroup special education in the eleventh grade will develop the skills necessary to pass the HSPA that will be administered in March 2010. At a minimum the subgroup will decrease partially proficient students by 10% in order to meet bench marks of safe harbor as required by NCLB.

Cumulative Progress Indicators

Teachers will use formative and informal assessment throughout each marking period. Successful grades in Mathematic and English courses will indicate potential for success on the HSPA.

District Goals for 2009-2010

Goal #1:

Analysis of current scheduling process in order to efficiently place students in a timely fashion with even distribution across all classes

Goal #2:

To increase the aggregate percentage of fours and fives in all advanced placement exams taken during the 2009-2010 school year. (Baseline 35.7% to 45.7%)

INTERNAL CONTROLS

Management of the district is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the district are protected from loss, theft, or misuse; and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally-accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of state and federal awards, the district is also responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws, regulations, contracts and grants related to those programs. This internal control system is also subject to periodic evaluation by the district management.

As part of the district's single audit, described earlier, tests are made to determine adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

BUDGETARY CONTROLS

In addition to internal accounting controls, the district maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipalities. Annual appropriated budgets are adopted for the general fund, the special revenue funds, and the debt service fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance at fiscal year end. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2010.

ACCOUNTING SYSTEM AND REPORTS

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.

DEBT ADMINISTRATION

As of June 30, 2010 the District has \$1,785,000 in outstanding general obligation bonds.

CASH MANAGEMENT

The investment policy of the district is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The district has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institute in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where they funds are secured in accordance with the Act.

RISK MANAGEMENT

The Board carried various forms of insurance, including but not limited to general liability, automobile liability and comprehensive collision, hazard and theft insurance on property and contents, and fidelity bonds.

INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Cannone and Company was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet requirements of the Single Audit Act of 1984, as amended and the related OMB Circular A-133 and state Treasury Circular Letter 04-04 OMB. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

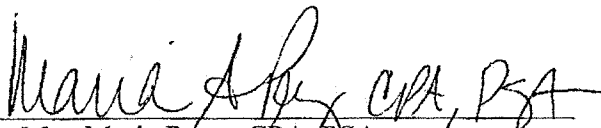

ACKNOWLEDGEMENTS

We would like to express our appreciation to the members of the Monmouth Regional High School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our district staff.

Respectfully submitted,

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
Monmouth Regional High School District
County of Monmouth
Tinton Falls, New Jersey

We have audited the accompanying general-purpose financial statements of the Monmouth Regional High School District Board of Education, in the County of Monmouth, State of New Jersey, as of and for the fiscal year ended June 30, 2010 as listed in the table of contents. These general-purpose financial statements are the responsibility of the Monmouth Regional High School Board of Education management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Monmouth Regional High School Board of Education in the County of Monmouth, State of New Jersey, as of June 30, 2010, and the results of its operations and the cash flows of its proprietary fund types (and similar trust fund types) for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2010 on our consideration of the Monmouth Regional High School Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the results of our audit.

The Management Discussion and Analysis and Budgetary Comparison Information on pages 24 through 32 and 71 through 82 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Monmouth Regional High School Board of Education's basic financial statements. The accompanying introductory section, combining fund financial statements, financial schedules and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund financial statements and schedules listed in the table of contents have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Additionally, the schedules of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants and State Aid, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010
UNAUDITED**

The discussion and analysis of Monmouth Regional High School District's financial performance provides an overall review of Monmouth Regional's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at Monmouth Regional High School's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the Monmouth Regional High School's financial performance.

The Management's Discussion and Analysis (MD&A) is a new element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* issued in June 1999.

Financial Highlights

Key financial highlights for 2010 are as follows:

In total, net assets decreased **\$379,303**, which represents an approximate 3.695 percent decrease from 2009.

General revenues accounted for **\$23,058,249** in revenue or 100 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for **\$2,763,072** or 11.9 percent of total revenues of **\$23,058,249**.

Total assets of governmental activities decreased by \$1,009,119 as cash and cash equivalents and investments decreased by \$2,225,396, receivables increased by \$604,513, and capital assets increased by \$675,961.

Monmouth Regional High School had **\$26,200,623** in expenses; only **\$2,763,072** of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of **\$23,058,249** and fund balance were adequate to provide for these programs.

Among governmental funds, the General Fund had **\$23,916,782** in revenues and **\$24,774,642** in expenditures. The General Fund's fund balance decreased **\$857,860** over 2009.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Monmouth Regional High School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of Monmouth Regional High School:

District-Wide Financial Statements (Statement of Net Assets and Statement of Activities)

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the Monmouth Regional's overall financial status.

Fund Financial Statements

- The remaining statements are fund financial statements that focus on individual parts of Monmouth Regional, reporting Monmouth Regional's operations in more detail than the district-wide statements.
- The governmental funds statements tell how basic services like regular and special education were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short and long-term financial information about the activities Monmouth Regional operates like businesses, such as food services.
- Fiduciary funds statements provide information about the financial relationships in which Monmouth Regional High School acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of Monmouth Regional High School Board of Education's budget for the year.

Fund Financial Statements (Continued)

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School District, Monmouth Regional High School, presenting both an aggregate view of Monmouth Regional's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental fund, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Monmouth Regional High School District, the General Fund is by far the most significant fund.

Reporting the School District as a Whole Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by Monmouth Regional to provide programs and activities, the view of Monmouth Regional High School, as a whole looks at all financial transactions and asks the question, "How did we do financially during 2010?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the financial position of Monmouth Regional High School has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the Percent of Share property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, Monmouth Regional High School is divided into two district kinds of activities:

Governmental activities – All of Monmouth Regional High School's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business-Type Activity – This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

Reporting Monmouth Regional High School's Most Significant Funds Fund Financial Statements

Fund financial reports provide detailed information about Monmouth Regional High School's funds. The District uses many funds to account for a multitude of financial transactions. Monmouth Regional High School's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

Governmental Funds

The District's activities are reported in governmental funds, which focus on how money flows in and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of Monmouth Regional

Governmental Funds (Continued)

District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of Monmouth Regional High School as a whole. Net assets may serve over time as a useful indicator of a government's financial position. Monmouth Regional's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of Monmouth Regional High School's net assets for 2009 with comparative amounts for 2008.

Governmental Activities

The unique nature of property taxes in New Jersey creates the legal requirements to annually seek over approval for Monmouth Regional High School District operations. Property taxes made up 74.9 percent of revenues for governmental activities for Monmouth Regional High School District for fiscal year 2010. Monmouth Regional's total revenues were \$25,821,321 for the year ended June 30, 2010. Federal, state, and local grants and state aid accounted for another 14.9 percent of revenue.

Business-Type Activities

Revenues for Monmouth Regional's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

Food service expenses exceeded revenues by \$**41,596**.

Charges for services represent \$**265,442** of revenue. This represents amounts paid by patrons for daily food service.

Federal and state reimbursement for meals, including payments for free and reduced lunches and breakfast, and donated commodities was \$**74,404**.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the Regional District's taxpayers by each of these functions.

Table A-3
Cost of Services vs Net Cost of Services

Total Expenses	\$ 25,819,181	\$ 23,395,955	\$ 25,017,978	\$ 22,838,574

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of Monmouth Regional High School District.

Operation and maintenance of facilities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges to debt of Monmouth Regional High School District.

The School District's Funds

All governmental funds (i.e., general fund, special revenue fund, capital projects fund and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to **\$25,695,078** and expenditures were **\$27,425,126**. The net change in fund balance for the year was most significant in the General Fund, a decrease of **\$1,730,048**. This is attributed to the loss in State Aid in February 2010 and the decreased earning on investments.

As demonstrated by the various statements and schedules included in the financial section of this report, Monmouth Regional High School continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2010, and the amount and percentage of increases and decreases in relation to prior year revenues.

Total	\$ 25,695,078	100.00%	\$ (1,185,298)	-4.38%

The decrease in Local Sources is mostly attributed to an increase of transportation fees of \$36,652 and a decrease in interest on investments of \$33,943.

The decrease in State Sources is mostly attributed to decreases in state aid in the amount of \$515,147.

The decrease in Federal Sources is mostly due to an decrease in P.L. 81-874 (Impact Aid) in the amount of \$356,891.

The following schedule presents a summary of General Fund, Special Revenue Fund and Debt Service Fund expenditures for the fiscal year ended June 30, 2010 and the percentage of increases and decreases in relation to prior year amounts.

General Fund Budgeting Highlights

Monmouth Regional High School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, Monmouth Regional High School revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts. Several of these revisions bear notation:

- Extraordinary aid, which is state aid for special education students whose individual program cost exceeds \$40,000 per year, was not anticipated as there is no guarantee from the Department of Education that these funds would be available.
- TPAF, which is the state's contribution to the pension fund, is neither a revenue item nor an expenditure item to the district but is required to be reflected in the financial statements.
- Tuition for special education students is budgeted based on the existing and known incoming students at the time the budget is submitted. Students move into and out of the District during the summer as well as the school year which necessitates transferring funds to the appropriate account to pay these special education costs.
- Student transportation is provided using a blend of in-house and vendor services. Depending on the type of service, transfers to various accounts were needed to pay these costs.

Capital Assets

At the end of the fiscal year 2010 the School District had \$9,130,615 invested in land, building, furniture and equipment, and vehicles. Table A-6 shows fiscal year 2010 balances compared to 2009.

For the Future

The Monmouth Regional High School District is in good financial condition presently. The School District is proud of its community support of the public schools. A major concern is the continued enrollment growth of the District with the increased reliance on local property taxes. However, future finances are not without challenges as the community continues to grow with State and Federal funding on the decline.

In conclusion, the Monmouth Regional High School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. Monmouth Regional High School District plans to continue its sound fiscal management to meet the challenge of the future.

Amounts reported for *governmental activities* in the statement of net assets (A-1) are different because:

Interest expense in the governmental funds is reported when due.

In the statement of activities, interest on long-term debt is accrued.

(34,328)

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. The cost of the assets is \$16,833,352 and the accumulated depreciation is \$7,702,737.

9,130,615

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds (see Note 5)

Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2010

Total net change in fund balances - governmental funds (from B-2) **\$ (1,673,272)**

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.

Depreciation expense	(461,398)	
Fixed assets adjustment net of accum depreciation	(216,996)	
Capital outlays	<u>1,354,355</u>	675,961

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities. 550,000

Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net assets.

Proceeds of long-term debt	-	
Accrued interest received on bond insurance	-	
Capital lease proceeds	(56,776)	

In the statement of activities, only the gain on the disposal of capital assets is reported, whereas in the governmental funds, the proceeds from a sale increase financial resources. Thus, the change in net assets will differ from the change in fund balance by the cost of the asset removed. (-)

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is a deduction in the reconciliation.

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Prior year accrued interest on long term debt which was paid in the current year	45,786	
Current year accrued interest on long term debt which was not paid in the current year	(34,328)	
Compensated absences payable	55,869	
Capital leases payable	<u>99,054</u>	166,381

Revenues in the statement of activities which do not provide current financial resources are not reported as revenues in the funds. (+)

NOTES TO THE FINANCIAL STATEMENTS

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of The Monmouth Regional High School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) of the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* (Statement No. 34). This Statement provides for the most significant change in financial reporting in over twenty years and is scheduled for a phase-in implementation period (based on amount of revenues) starting with fiscal years ending 2002 (for larger governments). The District is required to implement the new model this school year. In addition, the School District has implemented GASB Statement No. 37, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus* and Statement No. 38, *Certain Financial Statement Note Disclosures*. The implementation of these statements had no effect on equity balances as previously reported for the fiscal year ended June 30, 2002.

A. Reporting Entity:

The Monmouth Regional High School District is a Type II district located in the County of Union, State of New Jersey. As a Type II district, the District functions independently through a Board of Education (Board). The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include two elementary schools and a junior/senior high school located in the Monmouth Regional High School District. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Basis of Presentation

District-wide Statements: The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued):

Fund Financial Statements: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District accounts for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

Capital Projects Fund: The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Debt Service Fund: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued):

Proprietary Fund Type

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Fiduciary Fund Types

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Nonexpendable Trust Fund: A nonexpendable trust fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal.

Agency Funds (Payroll and Student Activities Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

Expendable Trust Funds: Expendable trust funds are used to account for the assets that the District holds whose principal and income may be expended in the course of their designated operations so that they are depleted by the end of their designated life.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business-type activities and enterprise funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments must be approved by School Board resolution. Budget amendments were made during the year ended June 30, 2010.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control (Continued):

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources/inflows of resources		
Actual amounts (budgetary) "revenues"	\$ 23,905,061	565,284
Adjust for State Aid Payment:		
Add: Prior Year Payment	432,456	
Less: Current Year Payment	(420,731)	
Adjust for Encumbrances:		
Add Prior Year Encumbrances		
Less Current Year Encumbrances		
Total Revenues (GAAP Basis)	\$ <u>23,916,786</u>	\$ <u>565,284</u>
Uses/outflows of resources		
Actual amounts (budgetary) "total outflows"	\$ 24,774,642	565,284
Adjustments:		
Add Prior Year Encumbrances		
Less Current Year Encumbrances		
Total Expenditures (GAAP Basis)	\$ <u>24,774,642</u>	\$ <u>565,284</u>

E. Encumbrances:

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represents amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

G. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditures during the year of purchase.

H. Fixed Assets:

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & computer equipment	5-10
Instructional equipment	10
Grounds equipment	15

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fixed Assets (continued):

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

I. Accrued Salaries and Wages:

Certain District employees, who provide services to the District over the ten month academic year, have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

J. Compensated Absences:

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Compensated Absences (Continued):

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments. Salary-related payments for the employer's share of social security and medicare taxes, as well as pension contributions, are included.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

K. Deferred Revenue:

Deferred revenue in the special revenue fund represents cash which has been received but not yet earned.

L. Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Net Assets:

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Fund Balance Reserves:

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

O. Memorandum Only - Total Columns:

Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents, and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk - In accordance with its cash management plan, the District ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk - The District limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed below and on the following page.

A. Deposits:

New Jersey statutes require that school districts deposit public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agency of the United States that insure deposits. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds; or

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

A. Deposits (Continued):

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are to be redeemed within one year, except that up to 25% of the Fund may be invested in eligible securities which mature within two years; provided, however, that the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required. "Other Than State" participants contribute one tenth of one percent per year of the value of the aggregate units owned by them to establish a Reserve Fund, which is supplemented by the proportional interest of "Other Than State" participants in gains on investment transactions realized.

The Reserve Fund is available to cover losses of "Other Than State" participants occasioned by the bankruptcy of an issuer of an investment held by the Fund and losses on sales of securities

B. Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the school district or local unit of which the school district is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments, New Jersey State Department of Treasury.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments (Continued):

- Local government investment pools.
- New Jersey State Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to special conditions.

As of June 30, 2010, cash and cash equivalents of the District consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking, Savings and Money Management	\$ 2,996,994
NJ Cash Management Account	<u>\$ 727,554</u>
	<u>\$ 3,724,548</u>
	=====

All of the balances were covered by the either federal depository insurance or by a collateral pool maintained by the banks as required by New Jersey statutes.

Risk Category

All bank deposits, as of the balance sheet date, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Program Act. In general, bank deposits are classified as to credit risk by three categories described below:

Category 1 – Insured or collateralized with securities held by the Board or by its agent in the Board's name.

Category 2 – Collateralized with securities held by the pledging public depository's trust department or agent in the Board's name.

Category 3 – Uncollateralized including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Board's name.

NOTE 3. CAPITAL ASSETS (Continued)

On January 11, 2001, the NJ State Department of Education announced that effective July 1, 2001, the capitalization threshold used by school districts in the State of New Jersey is increased to \$2,000. The previous threshold was \$500. Applying the higher capitalization threshold retroactively (removal of old assets from the General Fixed Assets Account Group) will be permitted by the State regulations in situations where (1) the assets have been fully depreciated, or (2) the assets have exceeded their useful lives. The retirement of machinery and equipment is due to the retroactive application of the higher threshold of equipment capitalization. That is, the District has removed from their records assets with a historical cost greater than \$500 but not greater than \$2,000 that were fully depreciated or had exceeded their useful lives.

Depreciation expense was charged to functions as follows:

Instruction	\$ 4,801
Student and Instruction - Related Services	373

A. Bonds Payable (Continued):

Advance Refunding:

The District adopted a resolution on August 6, 2002 for the purpose of issuing Refunding School Bonds to refund a portion of outstanding bonds dated February 1, 1997 issued in the original principal amount of \$6,995,000.

On September 1, 2002, the District issued \$4,925,000 in Refunding School Bonds with interest rates ranging between 1.50% and 5.00%. The District issued the bonds to advance refund \$4,800,000 of the outstanding School Bonds dated February 1, 1997 with interest rates ranging between 5.10% and 5.20%. The District used the net proceeds to purchase U.S. Government securities. These securities were deposited in an irrevocable trust to provide for all future debt service on the refunded portion of the bond issue noted above. As a result, that portion of the bond issue noted above is considered defeased, and the District has removed the liability from its accounts.

The advance refunding resulted in an economic gain (difference between the present value of bond payments for the prior issues and the debt service payments for the Refunding School Bonds, discounted at the effective interest rate) of \$189,874.49 which resulted in a net present value cost savings of 3.86% (economic gain divided by the outstanding bonds under the refunded issue.)

NOTE 5. PENSION PLANS

Plan Descriptions

All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

NOTE 5. PENSION PLANS (Continued)

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established as of January 1, 1995, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirements, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members accounts.

Significant Legislation

During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

NOTE 5. PENSION PLANS (Continued)

Contribution Requirements

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the fiscal year ended June 30, 2010, the State of New Jersey contributed \$652,294 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$722,208 during the year ended June 30, 2010 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

NOTE 6. POST-EMPLOYMENT BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994 with an additional contribution beginning in fiscal year 1996 to maintain a medical reserve of one half of 1% of the active State payroll.

NOTE 6. POST-EMPLOYMENT BENEFITS (Continued)

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS, and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in fiscal year 2009.

NOTE 7. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2010.

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 571,735	\$ -
Special Revenue Fund		
Capital Projects Fund		553,124
Debt Service Fund		
Enterprise Fund	3,342	21,953
Trust and Agency Fund		
	<u>\$575,077</u>	<u>\$575,077</u>

These amounts represent temporary advances between the various funds.

NOTE 8. CONTINGENCIES

The District receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2008-2009 fiscal year were subject to the Single Audit Act of 1984 and New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the Board's annual audit. Substantially, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. Further, the School Child Nutrition Program is a recipient of federal (USDA) reimbursements and is subject to certain related federal regulations. The federal reimbursements are subject to subsequent audit and interpretation by the New Jersey Department of Education. The Board and management do not believe such an audit would result in material amounts of disallowed costs.

NOTE 9. LITIGATION

The Board attorneys' report that there is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the financial position of the District.

NOTE 10. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Monmouth Regional High School District Board of Education by inclusion of \$1.00 on October 3, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

During the fiscal year ended June 30, 2010, the District had actual interest earnings of \$203.

NOTE 11. CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, as amended, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The excess fund balance is \$1,213,735 at June 30, 2010. The excess fund balance at June 30, 2009 was \$1,979,011. Pursuant to the provisions of Executive Order No. 14, \$0 of that amount was approved by the Commissioner of the Department of Education for withdrawal to

address any budget shortfall in the general fund account group due to the 2009-10 withholding of state aid.

NOTE 12. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the general long-term account group. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore, is not shown separately from the long-term liability balance of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

NOTE 13. DEFERRED COMPENSATION

The Board offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan, which is administered by a benefits management company, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency. The Board has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

The Board offers several plan administrators for its employees to utilize.

NOTE 14. RISK MANAGEMENT

The Board has contracted with a commercial insurance company to provide coverage for various losses caused by the Board on its employees for losses sustained through other acts. The coverages are subject to various deductibles and coverage limits based on the type of policy coverage included. The coverages and its limits are detailed in the statistical section (Exhibit J-20).

The Board also maintains surety bond coverage on key financial employees.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of the balance in the Trust Fund for the current and previous two years.

<u>Fiscal Year</u>	<u>Ending Balance</u>
2009-2010	\$ 226,632
2008-2009	\$ 219,044
2007-2008	\$ 304,403

NOTE 15. INVENTORY

Inventory in the Food Service Fund at June 30, 2010 consisted of the following:

Food-Commodities	\$ 4,276
Food and Non-Food – Regular	<u>\$ 2,145</u>
	\$ 6,421
	=====

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements.

GAAP Revenues and Expenditures**

		General Fund		Special Revenue Fund
		<u>Fund</u>		<u>Fund</u>
Sources/inflows of resources				
Actual amounts (budgetary basis) "revenue"				
from the budgetary comparison schedule	[C-1]	\$23,905,061	[C-2]	\$ 565,284
Difference - budget to GAAP:				
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.				
State aid payment recognized for budgetary purposes, not recognized for GAAP statements		(420,731)		
Prior year state aid payment recognized for GAAP purposes in current year		432,456		
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	[B-2]	<u>\$23,916,786</u>	[B-2]	<u>\$ 565,284</u>
Uses/outflows of resources				
Actual amounts (budgetary basis) "total outflows" from the				
budgetary comparison schedule	[C-1]	24,774,642	[C-2]	565,284
Differences - budget to GAAP				
The district budgets for claims and compensated absences only to the extent expected to be paid, rather than on the modified accrual basis.				
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for <i>budgetary</i> purposes, but in the year the supplies are received for <i>financial reporting</i> purposes.				-
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes.				
Net transfers (outflows) to general fund				-
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	[B-2]	<u>\$24,774,642</u>	[B-2]	<u>\$ 565,284</u>

***PROPRIETARY FUNDS
DETAIL STATEMENTS***

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund - This fund provides for the operation of food services in all schools within the school district.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5, AND B-6.

***FIDUCIARY FUNDS
DETAIL STATEMENTS***

Fiduciary Funds are used to account for funds received by the school district for a specific purpose. Agency Funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds.

Student Activity Fund - This agency fund is used to account for student funds held at the schools.

Payroll Fund - This agency fund is used to account for the payroll transactions of the school district.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
 OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
 BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
 ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable President and
 Members of the Board of Education
 Monmouth Regional High School District
 County of Monmouth
 Tinton Falls, New Jersey

We have audited the general-purpose financial statements of the Board of Education of the Monmouth Regional High School District, in the County of Monmouth, State of New Jersey, as of and for the fiscal year ended June 30, 2010, and have issued our report thereon dated October 31, 2010. We conducted our audit in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Monmouth Regional High School District Board of Education's general-purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of general-purpose financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. However, we noted certain matters that we have reported to the Monmouth Regional High School District Board of Education in the separate *Auditors' Management Report on Administrative Findings – Financial, Compliance and Performance* dated October 31, 2010.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Monmouth Regional High School District Board of Education's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general-purpose financial statements and not to provide an opinion on the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Monmouth Regional High School District Board of Education's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliability in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all the deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended for the information of the management of the Monmouth Regional High School District Board of Education, the New Jersey State Department of Education (the cognizant audit agency) and other state and federal awarding agencies. However, this report is a matter of public record and its distribution is not limited.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH
 MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
 IN ACCORDANCE WITH OMB CIRCULAR A-133 AND
 NEW JERSEY OMB CIRCULAR 04-04**

The Honorable President and
 Members of the Board of Education
 Monmouth Regional High School District
 County of Monmouth
 Tinton Falls, New Jersey

Compliance

We have audited the compliance of the Board of Education of the Monmouth Regional High School District, in the County of Monmouth, State of New Jersey, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that are applicable to each of its major federal and state programs for the fiscal year ended June 30, 2010. The Monmouth Regional High School District Board of Education's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Monmouth Regional High School District Board of Education's management. Our responsibility is to express an opinion on the Monmouth Regional High School Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations*, and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether

noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Monmouth Regional High School District Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Monmouth Regional High School District Board of Education's compliance with those requirements.

In our opinion, the Monmouth Regional High School District Board of Education, in the County of Monmouth, State of New Jersey, complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the fiscal year ended June 30, 2010.

Internal Control Over Compliance

The management of the Monmouth Regional High School District Board of Education is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Monmouth Regional High School District Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Monmouth Regional High School District Board of Education's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal or state program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information of the management of the Monmouth Regional High School Board of Education, the New Jersey State Department of Education (cognizant audit agency), other state and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

MONMOUTH REGIONAL HIGH SCHOOL DISTRICT
 NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE
 JUNE 30, 2010

NOTE 1. GENERAL

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Monmouth Regional High School District. The Board of Education is defined in Note 1(A) to the Board's general purpose financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of federal financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of financial assistance are presented using the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Notes 1 to the Board's general purpose financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with amounts reported in the Board's general purpose financial statements. The general purpose financial statements present the special revenue fund on both a GAAP basis and a budgetary basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to the GAAP basis for the General Fund is \$11,725 and for the Special Revenue Fund is \$0. Financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 77,006	\$ 4,615,550	\$ 4,692,556
Special Revenue Fund	517,680	44,399	562,079
Capital Projects	-	553,124	553,124
Debt Service	-	70,942	70,942
Food Service	<u>83,659</u>	<u>3,887</u>	<u>87,546</u>
Total Financial Assistance	<u>\$ 678,345</u>	<u>\$ 5,287,902</u>	<u>\$ 5,966,247</u>

Amounts reported for *governmental activities* in the statement of net assets (A-1) are different because:

Interest expense in the governmental funds is reported when due.

In the statement of activities, interest on long-term debt is accrued.

(34,328)

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. The cost of the assets is \$16,833,352 and the accumulated depreciation is \$7,702,737.

9,130,615

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds (see Note 5)
